IMPORTANT NOTICE: These plans include a Tiered Provider Network called Choice Easy Tier HMO. In these plans, members pay different levels of copayments, coinsurance, and/or deductibles depending on the tier of the provider delivering a covered service or supply. These plans may make changes to a provider's benefit tier annually on January 1. Please consult the provider directory or visit [MassGeneralBrighamHealthPlan.org](https://www.massgeneralbrighamhealthplan.org) to determine the tier of providers in the Choice Easy Tier HMO network.

Comprehensive benefits that are simple to understand and easy to use

About Choice Easy Tier HMO plans and network

Easy Tier plans are simple to understand and use. This plan divides the hospital network into higher and lower cost tiers: Tier 1 (lower cost) and Tier 2 (higher cost). In addition, the tiering is limited to these services: inpatient medical services, outpatient diagnostic imaging and X-ray (including ultrasound), outpatient high-tech radiology (CT Scans, MRIs, etc.), outpatient surgery, outpatient short-term rehabilitation (cardiac, physical, occupational, and speech therapy).

All hospitals in our Choice Easy Tier HMO network must meet high-quality standards and are measured by a set of quality benchmarks from publicly available resources like Leapfrog and Hospital Compare. To determine a hospital's tier, we used statewide cost data from the Center for Health Information and Analysis, an agency of the Commonwealth of Massachusetts. Based on this data, we identified cost efficient hospitals by hospital type and placed these hospitals in Tier 1 (lower cost).

Tier 1, lower cost: Most hospitals and affiliated facilities fall into the lower-cost tier, including popular local hospitals like Newton-Wellesley Hospital, North Shore Medical Center, and South Shore Hospital.

Tier 2, higher cost: Higher cost sharing applies only to the following hospitals and some of their affiliated facilities: Beth Israel Deaconess Medical Center, Boston Children's Hospital, Boston Medical Center, Brigham and Women's Hospital, Dana Farber Cancer Institute, Massachusetts Eye and Ear Infirmary, Massachusetts General Hospital, New England Baptist Hospital, Tufts Medical Center, and UMASS Memorial Medical Center

Embedded Deductible and/or Out-of-Pocket Maximum

All members are responsible for the individual deductible per benefit period. The family deductible can be satisfied by combining the deductibles paid by covered family members. With family coverage, the family out-of-pocket maximum is satisfied by combining the deductibles, coinsurance, and copayment amounts paid by covered family members. A covered family member will not exceed the individual out-of-pocket maximum amount.

Aggregate Deductible

With family coverage, the individual deductible amount does not apply. The entire family deductible amount must be met before benefits are payable for anyone in the family.
